

MYANMAR IS THE PLACE TO TEACH

Start Date 1st June 2022

Science and Math's Teachers

Come work and live in the Golden Land of Myanmar, during these positive and exciting changing times. Brainworks – Total are a unique group of K -12 Integrated schools with nine city branches in Yangon and one regional branch in Taunggyi. We are a registered Cambridge School and Professional Development Training Centre, as well as being a IBDP Candidate School. Our focus is on providing thousands of Myanmar children with a high-quality world-class education for a very reasonable and affordable cost that many parents can afford.

In the Fourteen years since our founding, Brainworks-Total Group of Schools has worked extensively supporting the local community in Yangon with a variety of environmental and infrastructure projects. We have very motivated families, students and hundreds of dedicated teachers and staff taking part in our own ongoing expansion plans. All main subjects are conducted in English.

Our teachers focus on experiential learning with high academic standards.

All classrooms have interactive digital learning platforms. We also believe in reflective teaching and our instructors and teachers work collaboratively at all levels to continuously evaluate and improve student learning.

Benefits Include:

- We are very focussed on giving our students certainty and continuity and require our applicants to commit to a 2-year employment agreement.
- Our salary year is from 1st week of June 2022 to 30th April 2023
- Our teacher-working year runs from June 1st 2022 through to the eve of Thingyan in early April 2023 and recommences again on 1st June 2023 through to the eve of Thingyan in early 2024.
- Paid public and term holidays.
- Paid flight costs to and from Myanmar on full completion of contract from your closest international airport in India, Philippines, Singapore, KL or Bangkok
- Excellent teacher/student class ratios.
- High quality shared house/apartment; air-conditioned accommodation.
- We cover all initial and bi monthly visa renewal costs.
- Free daily nutritional school lunches.
- We cover all local work-related transportation costs.
- Basic simple medical coverage.
- For those that show enthusiasm, dedication and a natural desire to lead there are performance-based advancement opportunities.
- Ongoing educational professional development trainings and opportunities.

Salary:

From US\$1400 net per month depending on qualifications and experience.
